Herewith are bid documents (Bid Ref. #440) relating to Purchase Order Numbers 9308 and 9309 prepared favoring Poinsette Motors Inc. for Two (2) Mid-Size Four Door Sedans and Hefner Chevrolet Inc. for One (1) Mid-Size Station Wagon for Water Engineering Department. Total price: \$13,841.88.

Fifteen (15) vendors were invited to bid. Two (2) bids were received. Poinsette Motors Inc. was the lowest bidder on Item (1) for Two (2) Mid-Size Four Door Sedans at \$8,991.04, and Hefner Chevrolet Inc. was the only bidder for Item (2) for One (1) Mid-Size Station Wagon at \$4,850.84.

Attached are the following documents in support of the recommendation for acceptance of Poinsette Motors Inc. and Hefner Chevrolet Inc. bids:

1. Copy of Tab Sheet.
2. All Vendors Bids.
3. Purchase Order Numbers 9308 and 9309.
4. Copy of Bid Mailing List.

It is urged that in referring this bid to the City Council for enactment of an ordinance, that all of the attached items, together with this memorandum (or copies), be included with the proposed ordinance.

Please make sure that no confirming Purchase Order Number (s) is given to Poinsette Motors Inc. and Hefner Chevrolet Inc. until evidence of Council approval is furnished to the Purchasing Department.

Bids for 2 mid-size sedans and one mid-size station wagon
Subject for Water Engineering Dept.

COPIES TO:

Board of Works

As a result of the evaluation of the bids for the above vehicles, received on Thursday, Oct. 6, and a physical inspection of the 2 sedans available at Poinsette Motors, I feel the bid should be split. The 2 sedans should be awarded to Poinsette and the station wagon should be awarded to Hefner Chevrolet.

For your reference, Poinsette's bid for 2 sedans was \$8991.04 as compared to Hefner's bid of \$9132.28. Hefner's was the only bidder for the station wagon, in the amount of \$4850.84.

It should be noted the bid from Poinsette was for 2-1977 Plymouth Furys, 4 door sedans, which are in stock and ready for delivery. Hefner's bid was for 2 - 1978 Chevrolet Malibu sedans and one Malibu station wagon, with delivery in approximately 45 days. The bid of Poinsette for the sedans met all of our minimum specifications and, in addition thereto, the vehicles have white sidewall tires, deluxe interiors, and was \$141.24 below that of Hefner's. Hefner's sedan bid was below the minimum specifications. The vehicles offered had a 108.1" wheelbase as compared to the specified minimum of 115", and the engine offered was 200 cid. V6 as compared to a 6 cylinder 225 cid. minimum.

Hefner's specifications on the station wagon offered meets our minimum specifications, exception being the wheelbase. The minimum specified wheelbase was 110" as compared to 108.1" offered, not a significant deviation.

Therefore, I recommend the Purchasing Dept. issue one purchase order to Poinsette for the 2 sedans and one purchase order to Hefner for the station wagon, that these purchase orders be submitted to the Council for approval and that acquisition of the sedans be made at the earliest possible date. By copy of this memo to the Board of Works, I am also recommending prior approval from City Council be requested for the 2 sedans since we presently are using 2 Board of Works pool vehicles and paying the Board 15¢ per mile for that use. By acquiring these 2 vehicles at the earliest possible date (with prior council approval setting this date up), we can relieve the 2 vehicles back to the Board for usage in other departments desiring or needing them and also reducing the operational expenses of the Water Engineering Dept.

If there are any questions regarding this recommendation or the need for me to appear before Council for consideration of the prior approval, I am available at your convenience.

Subject Vehicle & Equipment Needs - Due to fire & accident.

COPIES TO:

Max Scott

R. Johnson
(City Utility's
Garage)

Attached is our requisitions numbered W.E.#186, & W.E. #169 & W.E.#170 and vehicle specifications for the purchase of units and equipment needed for the continued operation of the Water Engineering Dept.

The first requisition, W.E.#180, is for 3 vehicles. Two vehicles are to replace units lost in a fire on March 24, 1977, and an accident on Aug. 5, 1977. The third vehicle is required for the continuance of our Cross-Connection Control Program, for which we are now using a Board of Works pool vehicle. Incidentally, we are currently using two Board of Works pool vehicles since the auto accident on Aug. 5.

Requisitions W.E.#169 and W.E.#170 are for recording equipment to replace that which was also lost in the fire on March 24, 1977.

The cost for all of the above items, except one of the vehicles, was a part of our departmental capital budget for this year. The 2 vehicles lost were getting some age on them, and were resulting in maintenance costs beyond their value. The equipment lost in the fire was also extremely old (over 30 years) and was also scheduled for replacement this year and included in the departmental capital budget.

The need for the above vehicles and the specifications for same have been discussed, verbally, with Max Scott of the Board of Works.

If you should have any questions regarding these requisitions or the above data, please contact me.
